Docket No. 1:CV-93-1482

Dear Ms. Hall:

This will simply confirm our recent telephone conversation. I represent Thunderhead Bowling Lanes, Westminster Auto Parts t/a Towne Auto Parts and Penn-Mar Castings, all of whom sent small quantities of industrial trash to the Keystone Site.

On January 31, 1996, I sent certifications and questionnaires for each of these parties to you and to Patti Miller. These documents indicate that Thunderhead Bowling Lanes sent 832 cubic yards, Towne Auto Parts sent 600 cubic yards and Penn-Mar Castings sent 608 cubic yards of industrial trash to the Keystone Site.

To date, none of these parties has been included in the de micromis settlements. Would you please advise me whether DOJ/EPA intends to include these parties in the future and, if not, why these parties were excluded.

Very truly yours,
